To help the government fight the funding of terrorism and money laundering activities, Federal law requires all financial institutions to obtain, verify, and record information that identifies each person who opens an account. What this means to you: When you open an account, we will ask for your name, address, date of birth, and identification number, such as social security number and other information that will allow us to identify you. We may also ask to see your driver's license or other identifying documents. The information is being requested and observed is for compliance with the requirements of Section 326 of the USA PATRIOT Act related to implementing customer identification and verification requirements.
